# who we are

Habitat for Humanity Williamson-Maury is a faith-based nonprofit that operates as a home builder, a mortgage lender, and provider of homeowner education.

# what we do

With our help, future homeowners achieve the strength, stability and self-reliance to build a better life for themselves and their families.

# Habitat Misconceptions

- We are a home builder and mortgage lender - we do not give homes away.
- We are self-supporting - we do not receive funding from Habitat for Humanity International.
- We are needed here in Williamson County. **For many residents, including teachers, healthcare workers, city/county employees, and those in the service-sector, homeownership would not possible without Habitat.**
- Thousands of local families in need qualify to become Habitat homeowners. In January 2019, Williamson County's single family median home price was \$495,000! (WCAR)
- We build and sell affordable housing - not poverty housing. Applicants must meet income and other requirements and currently live or work in our community.

# what are the houses are like?

Our Craftsman-style homes have 2 full bathrooms and 3, 4, or 5 bedrooms depending on family size. Homes have central heat and air conditioning and come with refrigerators, stoves, and dishwashers.

All homes are Energy Star® certified and are constructed in the most efficient, cost effective and environmentally responsible methods possible.

# funds

Funds to pay for home building materials are donated by individuals, companies, churches, and civic groups. We seek \$70,000 in donations for each home build and the homes will be valued at more than double that amount.

# volunteers

More than 70% of home construction is accomplished by community volunteers committed to help build safe places for participating families to call home. Volunteering with Habitat for Humanity is not only fun but is also uplifting and rewarding.

# faith

HFHWM is a faith-based housing nonprofit organization. All who desire to participate are welcome. We build in partnership with those in need, regardless of race or religion, and welcome volunteers and supporters from all backgrounds as well.

# Meet the Herrera Family

# families

Habitat homeowners earn between 30-60% of the area median income and would not qualify for conventional mortgage financing. They help build their own homes alongside volunteers and complete a comprehensive homebuyer education program.

# families

1. Save \$2000 for closing costs on their home
2. Put in up to 280 hours in sweat equity building their home and the homes of other families

# mortgages

In the past, we have offered affordable mortgages to qualifying families making between 30 and 60% of the area median income with a zero-interest loan program

Beginning in 2019, we have expanded programing to include diversified loan options, including the USDA 502 loan, to assist more residents to purchase homes.

For instance, a household of one-four members, making a combined income of \$59,500 a year, qualifies for a low-interest mortgage under our new program guidelines.

# We Tithe

HFHWM has contributed to building homes for 86 families in Haiti, Mozambique, and others countries in need.

Dear Family, Friends & Co-Workers,

This year I have found a rewarding way to volunteer my time in order to make a difference in our community. It's a great project through Habitat for Humanity of Williamson County- their Women Build home.

Women Build brings together women from all walks of life to address the housing crisis facing millions of families worldwide. Women Build events have helped to construct more than 1,800 houses in local communities. I will be working to further Habitat's mission of affordable housing in Williamson County.

As a participant in this project I will work side by side with the Habitat homeowner family and women volunteers of all ages from the area. It's an opportunity for me to share my time, talent and energy while helping a hardworking family that is trying to improve their future. The unique thing about this build is that not only will I help to build this home, but also raise the money to pay for the home. All of the women involved are raising at least \$250 to go towards the cost of the home. Without us, the volunteers, this home would not be built.

We will begin our build on Saturday, August 17, 2013. Our goal is \$70,000 the cost to build the home. Please join my efforts by making a check to Habitat for Humanity of Williamson County and mail it to 511 West Meade Blvd., Franklin, TN 37064. Or, you can make a donation online at [www.habitatwilliamson.org](http://www.habitatwilliamson.org). Please mention my name in the comments section.

I hope you will take this opportunity to make a gift that really can change the lives of people in need. I know my life will be changed after this project.

With Sincere Thanks,

**Women building character, building opportunity, building community ... ONE HOME at a TIME!**

Home Supporters (51) Teams (1) Donations (42)

Every year, on 200 build sites across the United States, women take the hammer and take the lead, helping families in their own community realize the American dream.

Ladies from all over Williamson and Maury Counties will come together in April 2017 to construct the affiliate's eighth Women Build home.

The sponsorship cost of the home is \$70,000. Each woman who participates has a fundraising goal of \$250 to go toward the cost of the house, and a volunteer goal of at least 1 day. To help participants raise money, a toolkit is provided with ideas and step-by-step instructions on how to raise the funds.

Lowe's and HFHWM will also offer optional, in-store workshops on Saturday mornings prior to the build to help participants learn skills for the build site. No prior experience in either fundraising or house-building is necessary.

We will hold a Women Build kickoff event at the Drury Hotel on March 4, 2017. Click here to sign up: <https://womenbuild2017.eventbrite.com>

Please contact Jennee Galland at 615-550-5617 or [jgalland@hfhwm.org](mailto:jgalland@hfhwm.org) if have any questions.
