

future homeowner

Kim Dixon

Habitat for Humanity Williamson- Maury is happy to welcome Kim Dixon to the Homeownership Program.

Ms. Dixon was born in Franklin, TN and attended Franklin High School. She and her two sisters were raised by their mother and grandmother. She recalls her childhood home as “full of family and love.”

Ms. Dixon has worked for Franklin Special School District as a bus driver since 1993. She loves dancing, fishing with her grandson, and spending time with her family. She attends Providence Primitive Baptist Church; her faith plays a very important role in her life. “I like to live life to the fullest knowing that I have God right by my side,” she notes.

When not working, Kim’s three adult children and grandchildren that keep her very busy. “We help each other. We stick together. We love each other,” she says with a big smile. Ms. Dixon is excited to become a homeowner and have a place for her family to come to visit. “I thank the Lord that I will have a home. I want to stay active and healthy so I can live to enjoy my house!”

Ms. Dixon is very outgoing and looks forward to being a Habitat for Humanity ambassador. “I will always recommend Habitat for Humanity to everyone I meet who wants to become a homeowner,” she explains. “I am so thankful to my sponsors for their support. With this home, my children and grandchildren will have a piece of me forever.”

It is very fitting that Kim Dixon’s home is being built by students during HFHWM’s 21st Annual Habitat High! The build begins in April 2021 in Columbia, TN and will be completed in June 2021.
