Searria Peoples

Humanity Williamson-Maury (HFHWM) is happy to introduce Searria Peoples and her four children, Lavaeh (10), Leslie (10), King (4), & Kynnedi (2), to the Homeownership Program.

Searria, born and raised in Franklin, walked across the stage at her high school graduation with newborn twins in tow. Raised by a single mother, Searria adopted hard work and perseverance as tools to overcome life's challenges.

Searria has worked as a customer service senior representative at Evicore Health Care for the past three years and loves spending her free time with her children when not in the office. "My kids are similar, but love very different activities. Leslie likes to sing; I believe she's going to be a superstar. Lavaeh is a gamer and very intelligent. King loves school and learning new things; he's a great listener. Kynnedi is the baby of the family," she explains.

Searria is most looking forward to her new home's yard. It's always been a dream of hers to have a vegetable garden. "I want to start a veggie garden so I can change the way my children and I eat. I want us to put healthier food in our body and live a more active lifestyle," she said.

The mother of four thanks HFHWM staff and all her funding sponsors for giving her this opportunity. "Your kind hearts and passion for what you do will always be remembered. Without you, owning a home would be a greater challenge for my family."

Searria Peoples's home build will begin in the Spring of 2020 in Columbia, TN.
