The Anderson Family

Habitat for Humanity Williamson- Maury is happy to welcome Yvonne Anderson and her children Avonna (16), Ashanti (14), Travon (13), and Kevontae (7) to the Homeownership Program.

Ms. Anderson was born in Franklin, TN and attended Franklin High School. Her mother was a stay-at-home mom and her father was employed at the VA Hospital in Nashville as a dietary cook. Yvonne says her father was an amazing chef and inspired her to follow in his footsteps. She too became a dietary cook and works full-time as at Claiborne and Hughes Nursing and Rehabilitation Center. Preparing food feeds Yvonne's soul and in her free time, she enjoys cooking and baking for her family. Her favorite type of food to prepare is southern cuisine, especially chicken and dressing.

Her children have lots of different interests that keep their mother very busy. Avonna loves to dance and is on her school's step team, and Ashanti also enjoys dancing and making Tik Tok videos. Travon plays football, runs track, and is a straight-A student. Kevontae enjoys playing video games, reading, writing, and playing football. The family attends Providence Primitive Baptist Church in Murfreesboro.

Yvonne is looking forward to what homeownership will bring and eager to meet her new neighbors. She loves working on the build site and wields a mean nail gun. "I am excited to be in a new environment and to give my kids a stable, beautiful home," she explains. "I like knowing that I am part of constructing my own house."

"I would like to be remembered as someone who will beat the odds and accomplish things people said I couldn't," she continues. "I want to thank Thrivent and all the churches sponsoring my home for supporting me and providing this new beginning for my family."

The Anderson's home build began in May 2021 in the Willow Crest neighborhood in Fairview, TN and will be completed in August 2021.
